

PROMOTIONAL INSTITUTIONAL OFFER

Flexible SCHOOL OS commercial incentives for qualifying schools and school groups.

A stronger operating layer for the modern school

REVTEK SCHOOL OS brings student administration, student-linked fee management, academics, parent communication, staff workflows, transport visibility and campus-safety operations into one coordinated platform.

Promotional benefit	What it means for the institution
Preferential institutional pricing	Commercially reduced per-student rates may be extended based on agreed scope and contract terms.
Implementation incentive	Standard implementation fees may be reduced or waived where included in the formal quotation.
Rate protection	Eligible contracts may receive promotional rate protection for up to 24 months.
Priority implementation scheduling	Agreed deployment windows are reserved and coordinated around the school calendar.
School-branded configuration	School identity, fee structures, classes, user roles and key workflows are configured for the institution.
Implementation training	Structured onboarding for relevant administrative, finance, teaching and operational teams.
Performance scorecard	Operational adoption and selected platform outcomes can be measured after implementation.

Promotional package guide

Package	Promotional guide	Minimum / Term
CORE	₦1,000 / student / term	₦250,000
COMPLETE	₦1,500 / student / term	₦375,000
SECURE	₦2,000 / student / term	₦500,000

Commercial flexibility

Promotional pricing is a commercial incentive, not a fixed public tariff. The final rate, implementation concession, payment schedule, deployment scope and rate-protection period are confirmed in the institution-specific REVTEK quotation or agreement.

What happens next

- 20-minute SCHOOL OS Operations & Safety Assessment
- Focused demonstration using the modules most relevant to the institution
- Deployment recommendation: REVTEK Cloud, Private Cloud or Enterprise On-Premise
- Formal institution-specific technical and financial proposal
